I think you just close it on your end.

Hi Connie,

As long as the FOIA remains in the system, I'll have to address it. Is there any way for you to remove your request? I'm not familiar enough with the process to know if I can do that as the assignee or if that needs to come from you as the requestor.

Thanks,

Steve Ridenour

Hello

Okay, thank you for letting me know

Have a good holiday

connie

**Subject:** Your recent FOIA request for IC/EC data

Hi Connie,

In 2014, the Superfund Program implemented a new information system, the Superfund Enterprise Management System (SEMS). Efforts to migrate data to SEMS and to enhance data quality control are progressing. The Program will continue to rely on the final CERCLIS data set (dated November 12, 2013, which reflects official end of Fiscal Year 2013

Program progress) for public reporting until a complete and accurate SEMS data set is available. The current estimate for refreshing the data is January 31, 2015.

That being the case, I will not be able to send you a different dataset from the one I sent you back in October. I didn't want to start fulfilling your request (and potentially charging you money), for the same dataset that you've already seen. Let me know how to proceed with regard to this FOIA. I'm happy to go through the FOIA process and re-submit you the dataset if you prefer.

Thanks,

Steve Ridenour
